President's Message

By Dr. Julia Mikell, SCDA President

Your South Carolina Dental Association (SCDA) represents approximately 80% of South Carolina dentists. When the Association is asked to speak or comment on your behalf, to government agencies, the legislature or other organizations, this high percentage gives the SCDA the ability to speak for the majority. Although the SCDA does not win every time, our voice can be persuasive, and we know that our voice is heard.

Despite the strong membership numbers, the SCDA needs to have stronger awareness and increased engagement among our members. It was surprising to hear that many of our members were not aware of the e-prescribe law that went into effect, January 1, 2021 for Schedule II through Schedule V drugs. The SCDA worked with numerous groups on this legislation for a couple years and the SCDA was responsible for it being delayed to allow time for dentists to be aware of the new law and get prepared. Numerous articles, eblasts, etc. were sent to the membership prior to January effective date on this subject.

The SCDA is hoping that new ways and new perspectives will encourage more awareness which would hopefully lead to more interest. To that end, we are taking two new approaches. First, we hired a public relations firm late 2020 that will spread the word about what dentists are doing in their communities and what the SCDA is doing for dentists and dentistry. Second, we are asking our district officers to take the lead on connecting with members interested in getting involved. We are asking the district officers to create new opportunities and recruit previously uninvolved members to start to fill in the voids of inactivity, including, but not limited to their alternate and delegate slots, and their committee rosters within their district.

This year, my goal is to focus on increasing member awareness and engagement. Being a member is very important but knowing the issues and being part of the chorus of organized dentists who rally to keep our profession focused on clinical excellence, integrity, and ethics cannot be underestimated.

If you are a one of those dentists who has not had an opportunity to serve a role in the SCDA, but has an interest, please contact your [district president](#) to let them know. There will be a range of opportunities with varying degrees of commitment. Decide what your interests and time availability is and join in on some level. In many ways, involvement in the SCDA, is like any other community volunteer activity, you always get more satisfaction from giving of your time and talents than you imagined you would.

Do you have a fresh idea of how to engage more members effectively? Do you have other thoughts? Please send those ideas and thoughts to Sue Copeland at your SCDA at copelands@scda.org.

In Memoriam

Dr. Robert Wimberly- December 24, 2020 resident of Sumter, SCDA Member for 61 years.

Dr. Joseph B Workman III- December 31, 2020 resident of Gilbert, SCDA Member for 47 years.

Save the Date!

Central and Piedmont Spring Zoom Meeting

February 12, 2021

8:00 AM- 1:00 PM

Speaker Dr. Howard Chasolen

Topic: The Seamless Integration of Aesthetics, Form & Function: The Restorative/Periodontal Interface

Course Description:

The goal of this program is simple: Present a methodology and protocol for comprehensive restorative case management. This includes detailed restorative diagnosis, placing an adhesive core and a provisional restoration to prepare a patient for periodontal corrective procedures. Without periodontal corrective procedures, many of our adult patients with existing restorative dentistry cannot be treated effectively. And without an adhesive core and a provisional restoration, periodontal corrective procedures cannot be correctly executed. It is only after meticulous caries removal, and a perfectly restored core as well as perio restorative interface correction that a definitive restoration can be placed in a clean, dry and healthy environment that allows long term success. These principles can be applied to the simplest of single tooth ceramic crowns as well as the most complex perio/restorative full mouth reconstructions.

Learning Objectives:

1. To detail a complete system of diagnosis and treatment planning the restorative patient.
2. To present a protocol that ensures complete caries removal and the placement of a meticulously bonded adhesive core. This core will act as the biologic template for the perio-restorative architecture and footprint.
3. To understand the requirements of a therapeutic provisional restoration.
4. To apply the treatment concept of reverse crown lengthening or biologic shaping to eliminate furcation defects, subgingival root surface irregularities, correct biologic width issues and provide adequate attached keratinized soft tissue to protect your restorative dentistry.
5. To master the post periodontal 4 week reline.
6. To provide a protocol for perfect final margination, impressions and delivery of the definitive restorative dentistry

adamemberadvantage.com

Account must be open and in good standing to earn and redeem rewards and benefits. Net purchases are purchases minus credits and returns. Not all transactions are eligible to earn rewards, such as Advances, Balance Transfers, and Convenience Checks. You will immediately lose all your Points if your Account is closed to future transactions (including, but not limited to, program misuse, failure to pay, bankruptcy, or death). Points will expire five years from the end of the calendar quarter in which they were earned.
1. Earn up to an additional 50,000 bonus points in the first 365 days after account opening. Accounts will earn 1 bonus point in addition to the standard amount earned for each \$1 of eligible net purchases, up to 50,000 bonus points. These bonus points will be awarded on your monthly billing statement. This offer may not be combined with any other bonus offer. The creditor and issuer of this card is U.S. Bank National Association, pursuant to a license from Visa U.S.A. Inc. ©2020 U.S. Bank National Association
2. Some restrictions apply. Refer to your Program Rules at www.adavisa.com for additional information. U.S. Bank cannot control how merchants choose to classify their business and reserves the right to determine which purchases qualify. In order to qualify for the (4) additional points on ADA purchases, the purchases must be from designated ADA-endorsed providers, as determined by the provider. Reward points are earned with your ADA Visa credit card.
3. The APR may vary and as of 9/20/2020, the variable APR for Purchases and Balance Transfers is 9.99% - 21.99% based on your creditworthiness. The variable APR for Cash Advances is 23.99%. Cash Advance fee: 4% of each advance amount, \$10 minimum. Convenience Check fee: 3% of each check amount, \$5 minimum. Cash Equivalent fee: 4% of each cash amount, \$20 minimum. Balance Transfer fee: 3% of each transfer amount, \$5 minimum. There is a \$2 minimum interest charge where interest is due. The annual fee is \$0. Foreign transaction fee: None. We may change APRs, fees, and other Account terms in the future based on your experience with U.S. Bank National Association and its affiliates as provided under the Cardmember Agreement and applicable law.

The South Carolina Recovering Professional Program (RPP)

By Phil Latham, SCDA Executive Director

There is an ever-increasing number of addiction problems in our society. Some statistics from the US Surgeon General's report and Centers for Disease Control report that:

- Over 21 million Americans have an alcohol and/or drug addiction.
- 91 Americans die daily from opioid abuse.
- 66.9 million Americans use tobacco products.
- The three most abused drugs in the world are legal: tobacco, alcohol and caffeine

The Recovering Professional Program (RPP) in South Carolina is a confidential professional substance abuse monitoring service contracted through the Lexington Richland Alcohol and Drug Abuse Council (LRADAC) to address the problem of impaired healthcare professionals. The RPP was developed originally by LLR for the S.C. Boards of Dentistry, Medical Examiners, Nursing, and Pharmacy to provide a consistent, accountable mechanism for early identification, referral and monitoring of licensees with substance abuse problems.

The RPP is designed both to be an alternative and a supplement to the Dental Board's disciplinary process. The RPP accepts both board referrals and voluntary participants for a five-year monitoring program in which licensees have an opportunity to return to safe effective practice. Voluntary participants remain anonymous to the licensing board so long as they are compliant with RPP requirements. The program management is funded through LLR. Participants pay all costs associated with their individual participation, such as evaluation, treatment, and drug screens.

The participating boards, professional associations, and agencies are represented on the RPP Advisory Committee, which provides advice and guidance to the RPP and agencies on policy matters. The Advisory Committee also provides oversight for the participating boards of RPP compliance with procedures approved for their licensees.

The RPP mission is "committed to the protection of the public's safety through the early identification of impaired health professionals who are in need of assistance and the return to safe practice through appropriate referral and effective monitoring, rehabilitation and recovery.

More information on the RPP is available at www.scrpp.org

ADA 2021 Membership Card

By American Dental Association

Welcome to your new ADA membership eCard. We like to think the “e” is for easy. Use this document as a guide when answering members’ questions about the new digital cards. Still need help? We’ve got you. Reach out to our membership team at 800.621.8099 or membership@ada.org.

Where do I find my membership card now?

Your membership card is available whenever you need it in your MyADA profile on ADA.org.

- Log in to ADA.org/MyADA
- Click the gray box labeled “My Membership Card”
- Now you should be able to view your card
- For desktop access: Click “Print member card” located at the top of the screen to print your card.
- For smartphone access: Click the “Add to Wallet” button at the top of the screen, then click “Add” in the upper right to save it to your phone’s virtual wallet.

Will I still get my physical membership card in the mail?

No, we are no longer mailing out physical membership cards.

I still want a physical card. What are my options?

You have the option to print your membership ecard.

- Log in to ADA.org/MyADA.
- Click the gray box labeled “Print Membership Card” (last box on second row)
- Click “Print” to print your card.
- If you’re having trouble accessing your card, I can help and print it for you and mail it.

Will I still receive my membership window decal?

Yes, your ADA membership window decal will still be mailed to you.

I’m a new member, why might I need my membership card?

Member cards are often used to verify your ADA member number at state and local dental society events. You also need your ADA member number to register for CE, receive discounts on purchases from the ADA Store and access more of your ADA member benefits.

Follow us on Facebook, Twitter and Instagram! We have posted pictures from our Conventions and DAD projects. You can save the pictures, tag yourself and share them with other friends on Facebook.

Electric Prescribing: It's the Law!

By Robert McDermott, President and CEO, iCoreConnect, an SCDA Endorsed Company

As of January 1st, South Carolina law mandates Electronic Prescribing for Controlled Substances (EPCS) for drug schedules II through V.

Electronic prescribing lets you electronically write, review and send prescriptions directly to the pharmacy through special, compliant software. e-Prescribing helps reduce medication errors and adverse drug events, improves formulary adherence by prescribers and increases patient adherence to prescription medications.

Electronic prescriptions for controlled substances are being required by states across the country to help reign in the opioid epidemic. Electronic prescribing provides better protection for you and your patients. When you get registered to e-Prescribe controlled substances, you complete a one-time process to verify your identity. Identity Proofing prevents someone from impersonating you to illegally write scripts for controlled substances. Another unique security element is multi-factor (two or more steps) user authentication required each time you e-Prescribe a controlled substance. Identity proofing and two-factor doctor authentication add important layers of protection for all involved.

The mandate also offers you the chance to streamline the way you work.

- Eliminate prescribing with pad, phone and fax. Most e-Prescribing software is for ALL medications, including controlled substances
- Cloud-based e-Prescribing software gives you flexibility to e-Prescribe anywhere. Use your desktop computer, laptop, tablet, or phone to care for your patients with ease and efficiency
- Most e-Prescribing software is designed to give your team the option to still prepare each prescription for you to review and send directly to the pharmacy

South Carolina already requires patient prescription history checks through SCRIPTS (South Carolina Reporting & Identification Prescription Tracking System). Electronic prescribing software can integrate directly with SCRIPTS, reducing that additional security step to just a few clicks.

Take this opportunity to compliantly e-Prescribe all medications, continually improve patient care and quickly take care of business.

SCDA Member Benefits Group Endorsed Partner iCoreConnect offers members a 43% discount on iCoreRx e-Prescribing software. Add the +PMP function to access SCRIPTS. Book a free demo at iCoreConnect.com/SCDA or 888.810.7706 and also ask about iCoreExchange HIPAA-compliant email.

Find-a-Dentist Program

More than 8.2 million potential patients have visited ADA Find-a-Dentist® since it launched in 2017. On average, 17% of people who search for dentists in their area take the next step to contact an ADA dentist – that’s more than 5x the industry average! As an ADA and SCDA member, you are automatically included in this online search tool – and you can gain even greater visibility by updating your profile.

The more complete the profile, the higher it rises to the top of search results. So profiles with photos, emails, websites, etc. appear first. And profiles with photos are 11 times more likely to be clicked on. This is impactful marketing and it’s included in your membership!

ADA Find-a-Dentist is an ongoing a digital consumer campaign to bring more patients to ADA members. Paid search ads encourage consumers to schedule regular dental visits and link directly to ADA Find-a-Dentist – making it easier than ever to find you.

Make the most of this campaign and get higher visibility:

- Visit ADA.org/findadentist to login and update your profile.
- It only takes 5 minutes to update – and completed profiles with photos rise to the top of search results
- If you need help, contact the ADA Member Service Center at 1-800-621-8099 and a representative will be happy to help you.

Update your profile today!

DENTAQUEST AND SCDHHS

Working together to improve the oral health of South Carolina’s residents

DentaQuest serves as administrator of the Healthy Connections dental program for the SC Department of Health and Human Services (SCDHHS). We are committed to the success of the program and appreciate provider participation.

DentaQuest's Provider Web Portal, govservices.dentaquest.com, is a one-stop shop for verifying member eligibility, claim submission and status check, reviewing policy guides, accessing EOBs and more.

We are pleased to offer a series of educational webinars on the second Wednesday of every month from noon to 1 p.m. EST.

For more information on the SC Healthy Connections Medicaid Dental Program or provider trainings, you may contact your DentaQuest Provider Engagement team at CarolinaProviders@dentaquest.com

What is your Practice doing to Promote FEBRUARY's Children Dental Health Month?

By Sue Copeland

The SCDA would love to hear from you. Please send us your pictures or your fun promotion information encouraging the benefits of good oral health for children. Early education is so important. The ADA has tools to help you get the word out. This year's NCDHM campaign slogan, Water: Nature's Drink."

See the link below for Downloading this poster, ideas of ways to promote your Children's Dental Health Event to your community, activity sheets and more.

<http://www.ada.org/en/public-programs/national-childrens-dental-health-month>

Please call with any questions or submit your promotion to:

Sue Copeland call 803-750-2277

Email: copelands@scda.org

Fax: 803-750-1644

Facebook: @SCDental

Thank you for all you do to help promote February Children's Dental Health Month.

HEALTHY SMILE TIPS

- Brush your teeth twice a day with a fluoride toothpaste.
- Clean between your teeth daily.
- Eat a healthy diet that limits sugary beverages and snacks.
- See your dentist regularly for prevention and treatment of oral disease.

SPONSORS

70 miles inland of **Coastal SC**: Recently renovated, 3 operatory practice located 70 miles from Charleston. Standalone professional building with high visibility. Practice produced \$670,000 in 2019, and there is unlimited potential for growth! For details contact Courtney Howell Robinson, 843-324-0703, courtney.robinson@henryschein.com. #SC1533

Highly Successful Practice: 8 ops, digital x-rays, cone beam, E4D, and Dentrax software. The practice has 2,000+ active patients that are 100% FFS. Purchasers must be able to provide conscious oral sedation, implant placement, and be Invisalign certified. This is a once in a lifetime opportunity! SC-6703 Contact: AFTCO 800.232.3826.

\$1M+ Practice: Existing pre-tax cash flow of over \$400K, collecting over \$1.1M per year. Loyal patient base of FFS/PPO and Medicaid. The practice is not digital but runs like a family practice with a 3rd generation patient base and a well-trained, bilingual staff. Great investment opportunity! SC-6626 Contact: AFTCO 800.232.3826

\$1M Metro Columbia: Huge opportunity for a clinical dentist to own two practices collecting over \$1M. Both are FFS/PPO, no Medicaid with a large active patient base. They have a robust hygiene program and an excellent recall system. The seller is willing to stay on post-sale. SC-6608 Contact: AFTCO 800.232.3826.

Practice For Sale: **Coastal beach** town practice 40 minutes outside Charleston, SC. Totally FFS 2-3 days per week with opportunity for growth by adding endo, implants, etc. Brand new CBCT. High income patient population. Nearby real estate available. 843-737-2175
